Parents' observation sessions notice

Dear Parents,

It has been some time since school started this August. We are glad to see the quick adaption to school life of our children. We have seen obvious progress, after facing all those challenges on the curriculum, the homework and their learning.

In order for you to have a better understanding of your child's learning progress at school, we are going to arrange a "Class Observation Session" for all our parents. This activity is a valuable opportunity for parents to get to know the school, your child's teacher and your child's developmental progress.

Parents will be invited to participate in a classroom observation of about 35 minutes on an allocated date from 9/1/2018(Tuesday) and 11/1/2018(Thursday), time from 9:45am – 10:20am. To make this as non-intrusive as possible for the students, **only one parent** of each child will be invited for this purpose. Kindly sign and return the Reply Slip to your child's class teacher before 30/11/2017 (Thursday), so that necessary arrangements can be made. Thank you for your attention.

Yours sincerely,

Principal: Pun Kit Ching
Bilok Creative Kindergarten
